

# BIO SPINE

7<sup>th</sup> International Congress  
on Biotechnologies  
for Spinal Surgery

# Rome

April 3–5, 2019

[www.biospine2019.org](http://www.biospine2019.org)

Wednesday, April 3	Thursday, April 4	Friday, April 5
09.00-09.20 - Introduction	09.00-09.40 - Quick fire session	09.00-09.50 - Quick fire session
09.20-11.00 - BioSpine session		
Disc regeneration	09.40-11.05 - AOSpine joint session	09.50-11.10 - BioSpine session
	New MRI analysis for disc de/regeneration	Spinal cord repair/regeneration
Coffee break, poster & industrial exhibition	Coffee break, poster & industrial exhibition	Coffee break, poster & industrial exhibition
11.15-13.00 - ORS Spine section joint session	11.20-13.00 - BioSpine session	11.25-13.00 - NSpine joint session
Disc degeneration	Biomaterials for spine surgery	Robotics and navigation in Spine Surgery
Lunch break, poster & industrial exhibition	Lunch break, poster & industrial exhibition	Lunch break, poster & industrial exhibition
14.00-14.40 - Quick fire session	14.00-15.35 - BioSpine session	14.00-17.00 - SATELLITE SYMPOSIUM
	Cell therapy	ReSpine project
14.40-16.00 - BioSpine session		
Spinal Fusion	Coffee break, poster & industrial exhibition	
Coffee break, poster & industrial exhibition	15.50-17.00 - SICV&GIS joint session	
16.15-17.00 - Debate session	Minimally invasive approaches for adult scoliosis treatment	
Minimally Invasive spine surgery	17.00-18.00 - Debate session	17.00 - Summary and farewell
17.00-18.00 - Working group session	Disc regeneration: Do we really need cells for disc regeneration?	
H2020 project iPSpine		
	18.00-18.40 - Working group session
